

Ref: A16733 DIESEL FUEL INJECTOR CLEANER 250CC KING

Protects, cleans and lubricates injectors and pumps.

- ✓ **Unclogs injectors for better performance**
- ✓ **Protects from oxidation**
- ✓ **Optimal engine productivity**

SPECIFICATIONS

Odour: Hydrocarbon	Appearance: Blue liquid
Density: 0.81 +/- 0.02	

APPLICATION

For diesel fuel injectors

Protects, cleans and lubricates diesel injectors and pumps.

Restores original performance and guarantees better injection.

Ensures a stable idling speed, avoids engine jerks and facilitates starting with a cold engine.

Protects from oxidation.

Eliminates water generated by condensation and excess smoke. Optimal engine productivity.

RECOMMENDED FOR

- Vehicles, heavy goods vehicles: for maintaining pumps and injectors
- Garages
- Hire cars
- All industries using vehicles
- Solution for meeting anti-pollution standards: vehicle safety inspections and road rules.

INSTRUCTIONS FOR USE

A 250ml dose treats up to 70L of fuel.

At the service station: pour the contents of one bottle in the fuel tank before filling with diesel.

Repeat every 4,000km if motor clogs quickly or before vehicle safety inspections.

PACKAGING

Presentation: 250CC aluminium can with nozzle extension

Pack size: Carton of 12

Aluminium can Diameter: 50mm Height: 195mm

Net volume at 20°: 250cc

Pallet size: 1,764 units – 147 cartons
