Household cleaners

STAINLESS STEEL CLEANER

A02127 - 500ML

Cleans and shines stainless steel surfaces.

- Sparkling shine
- NSF A7* certified, no direct contact with food

Application:

This cleaner is specially designed for the maintenance and cleaning of shiny and satin stainless steel, chrome and aluminum surfaces.

It renovates and shines all stainless steel objects and surfaces without damaging them or scratching them.

It removes all finger marks, marks and other dirt.

It also offers a sparkling shine while respecting your surfaces. The invisible film deposited protects against humidity and resists tasks.

Its use is suitable for the exteriors of dishwashers, cooking appliances, displays, display cases, heating or refrigerating cabinets, ovens, hoods, sinks,

Does not contain silicone. Odorless. Does not harm rubbers.

*NSF A7 Certification: Product acceptable as a metal cleaner and polisher for non-food contact surfaces (A7) in and around the food processing area.

Directions for use:

Shake before use. Hold the aerosol vertically, head upwards. Spray without excess 20cm from the surfaces to be treated.

Wipe with a soft, dry, lint-free cloth in the direction of polishing the metal, or rinse with water after use.

Wipe again to shine.

Areas of use:

- Collective and restaurant kitchens, butchers, bakeries, cafes
- Food industry, wine industry
- Taps, elevators, escalators, gantry cranes, etc.
