

Ref. A15505 FLYING AND CRAWLING PEST CONTROL 500ML

Destroys flying and crawling insects

- ✓ **Immediate action**
- ✓ **Effective against all flying and crawling insects**
- ✓ **Results persist for several weeks**

APPLICATION

Eliminates flying and crawling insects: flies, wasps, mosquitoes, mites, bed bugs, cockroaches, etc. (Do not treat wasp or hornet nests.)

Knockdown and residual action: treated areas remain protected for several weeks. Preventive and curative effect.

Do not use in the presence of foodstuffs and do not spray on surfaces in contact with food.

RECOMMENDED FOR:

- Cleaning companies
- Local authorities
- Insect-control companies
- Hotels and camping grounds
- Recreational centres

INSTRUCTIONS FOR USE

Spray from a distance of 15 cm onto insect transit areas: pipes, openings, skirting boards, behind furniture, door and window frames, etc. Ventilate the room for 15 minutes after application.

Indoor use: Apply only on small surfaces, in cracks and crevices. Apply only in areas that are not regularly wet-cleaned.

Outdoor use: Use in areas not exposed to rain. Apply only on small surfaces or in cracks and crevices where pests are present. After application, ensure that no puddles remain on the ground.

Cover or remove food, feed, cages, and aquariums before use.

Contains pyrethroids. Toxic to cats. Do not use in the presence of foodstuffs and do not spray on surfaces in contact with food. Avoid inhalation of aerosol.

PACKAGING

Presentation: Aerosol can

Pack size: Carton of 12

REGULATIONS

FOR INDIVIDUAL AND PROFESSIONAL USE TP18 Make sure this product is indispensable before use, particularly in general public areas. First try alternative methods and products with less health risks for humans and the environment. Use biocides with precaution.

Read the label and other information about the product before use.

Dangerous. Follow precautions for use.
