

# HORNET & WASP NEST GLUE SPRAY

Ref. A27707 - 500mL

# QUICK TECH

## INSECTICIDE

Long-range trap for nests and flying insects around nests.

- Long-lasting action
- Super-powerful diffuser
- Effective on hornet nests
- Water-emulsifiable glue

## APPLICATION

An alternative to insecticide treatments, this aerosol sprays an extremely adhesive product that seals the entrances of insect nests such as wasps and hornets, or traps insects in flight. Insects are glued when returning to the nest. The long-lasting action allows late-returning insects to be trapped as well.

Effectiveness tested and proven on hornet nests.

The special long-range spray enables powerful application at distances of up to 4 metres, thanks to its super-powerful nozzle, ensuring safe use. The glue is water-emulsifiable, making it easier to clean residues after application. For skin contact, wash hands with soap.

## INSTRUCTIONS

*Wear gloves. Shake the aerosol before use.*

- **On isolated insects around nests:** *Spray in short bursts of 1 to 2 seconds directly onto the insect, avoiding spraying into the wind.*
- **On nests:** *Preferably treat in the evening when insects have returned to the nest. Keep a distance of 2 to 3 metres. Spray until the entire nest is covered, ensuring that the nest entrances are properly sealed. 3 to 5 seconds of spraying are sufficient to cover a hornet nest with a diameter of 35 cm.*

*Wait at least one week before retrieving the nest and disposing of it with household waste.*

*The glue is water-emulsifiable, making it easier to clean residues after application*

## AREAS OF USE

- Technical services
- Local authorities
- Pest control professionals
- Hotels, campsites
- Leisure centres
- 

## PACKAGING

### Packaging unit (P.U.):

Aerosol 500 mL

**Sales unit (S.U.):** Box of 12 units

**Palletisation:** 1,080 units – 90 cartons

**Tinplate can diameter:** 65 mm / Height: 195 mm

**Nominal volume:** 650 mL

**Net volume:** 500 mL

## REGULATIONS

FOR PUBLIC AND PROFESSIONAL USE.  
Dangerous. Follow precautions for use.  
Never use indoors.

*Refer to the safety data sheet (SDS), available upon request.  
Our data sheets are prepared with current knowledge and are subject to modifications.  
Photo non-binding. 01/01/2026 Index 1.0*
